

Dear Carlin & the Mary Madeline Project,

We would like to express our sincere thank, you for the lovely burial gown that you made & donated for our infant daughter, Kaylie, to wear for her funeral on August 25. Kaylie was born with a very serious heart defect, along with some kidney & growth problems. She underwent open heart surgery at one week old & struggled to recover for the next five weeks. In those weeks Kaylie had two other surgeries but could not overcome the problems stacked against her. At 44 days old, Kaylie passed away. Kaylie was small but mighty & will always be remembered as the tiny little girl who taught us so very much.

We are ever so grateful for your wonderful organization. Finding a burial dress for our baby girl was not something we ever imagined we would have to do. We searched all over for an appropriate dress that would fit but nothing was just right. Mary Madeline eased some of the stress during this most difficult time. Kaylie looked like a beautiful angel in her casket. The dress was perfect! Please let all the volunteers & everyone at your organization know that we are very thankful. Also be assured that we felt comfort in your generosity & compassion. Sincerely,

Dear Carlin,

Nov. 20, 20

I just wanted to thank you for the Mary Modeline Project. I lost my son a couple of weeks ago and I recieved the Preemie boy bridal gown. And when my whole family saw my son for the very first time, he was wearing the gown and he looked so percious. And I am really thankful that you have this project, its helped me. When I first recieved the outfit I broke down crying because it made it feel real and knowing that my son Isaac is in a better place, well I know that he's in heaven and God is taking care of him. I'm extremely thankful for the Mary Modeline Project, I just can't thank you enough. The bridal gown means so much to me, it has really comforted me in my time of need. So once again, thank you for the Mary Modeline Project and keep up the good work, this project means a lot to me and other parents.

Thank you so much

Sincerely,

Andrea ~~XXXXXX~~
